

HURRICANE-RATED REMOVABLE MULLION H90R

The Detex Removable Mullions are heavy-duty removable mullions designed for use with rim exit devices on heavy-duty pairs of doors. The design allows the mullion to be removed. Removal of top fitting screws allows tube and fitting to rotate away from frame. Approved for hurricane installations.

Benefits

- Mullion can be removed in minutes by removing 6 easily accessible screws
- Simple, user-friendly operation
- Provides years of trouble-free service and protection
- Small profile base plate prevents interference when moving objects through doorway
- Easily adapted to any double door application
- Easy installation, no drilling of the mullion tube
- Standard primer gray coating allows for easy field painting
- Lockdown screws prevent vibration / rattle

Features

- For use on standard and hurricane-rated pairs of doors
- Designed for heavy duty use
- Available for use on 7' pairs of doors (std.) or 8' pairs of doors
- Easy retrofit application

Technical Information

- 1/4" thick, 2" x 3" steel mullion tube
- Base and anchors included

Top Fitting

Sill or Bottom Fitting

The sill or bottom fitting has a small footprint and, once installed, bottom fasteners are hidden by the mullion tube.
