## WDEx10EEX

### Weatherized Delayed Egress Without Electromagnetic Lock

The WDE EasyKits provide a secure outdoor system with 15-second delay and 100dB alarm when someone attempts to exit. The WDE EasyKit is perfect for garden center gates, amusement parks, sports arenas and any location exposed to weather or moisture where delayed exit is required. Although ideal in helping prevent theft, in applications such as outdoor childcare and assisted living homes, WDE EasyKit can also be used to help protect those trying to exit.

Shown with 10 Series Rim Exit Device - Available with 10/40 Rim (For Mortise and Vertical Rod Applications contact factory)

### Benefits

- Immersion-proof switching and corrosion resistant components provide years of trouble-free service
- All hardware items provided with one easy-to-order, easy-to-specify part number
- Best-in-class components provide for fast, easy installation
- Advantex weatherized panic device includes internal blocker and switches to provide easy installation without a magnetic lock
- Controls foot traffic, deters unauthorized exits, reduces employee and customer theft while providing a life safety, code compliant application

### Features

- Configured Weatherized Delayed Egress EasyKit includes all hardware, instructions, riser illustration and point-to-point wiring diagram
- Factory-programmed, pre-wired, delayed egress controller/power supply
- NEMA 4X enclosure protects controller/power supply from moisture and corrosive elements
- Advantex Weatherized panic device has stainless steel dead-locking Pullman-type latch bolt
- 10 ft. flex conduit loop
- Form C, momentary key switch with green and red LEDs, arms, disarms and resets system
- Outdoor protective key switch cover
- Outdoor horn has various field-adjustable tone and decibel settings. Strobe also available.
- Available in various configurations, for single and paired openings
- Outdoor, code-compliant delayed egress signage
- All hardware is non-handed
- Fire Alarm override connected at controller/power supply
- Remote bypass and signaling options available
- Heavy-duty angled end cap deflects damage away from panic device
- System does not require magnetic lock, panic provides delayed exit

### Mechanical Options

- F - 3-Hour Fire Rated
- H - Hurricane Rated
- CD - Cylinder Dogging
- HD - Hex Dogging
- LD - Less Dogging (Std.)
- 36 - Fits 36" Door Width (Std.)
- 48 - Fits 48" Door Width
- 99 - Surface Strike (Std.)
- 98 - Semi Mortise Strike

### Electrical Options

- 1 to 3 second code-compliant field-adjustable nuisance alarm
- 120V AC (Std.)
- Also available 277V and 240V logic controller/power supply
