

EasyKit® WDEx10EX

Weatherized Delayed Egress With Electromagnetic Lock

The WDE EasyKits provide a secure 2-point locking system with 15-second delay and 100dB alarm when someone attempts to exit. The WDE EasyKit is perfect for garden center gates, amusement parks, sports arenas and any location exposed to weather or moisture where delayed exit is required. Although ideal in helping prevent theft, in applications such as outdoor childcare and assisted living homes, WDE EasyKit can also be used to help protect those trying to exit.

Benefits

- Best-in-class components provide for fast, easy installation
- All hardware items provided with one easy-to-order, easy-to-specify part number
- Immediate on-point switching and corrosion resistant components provide years of trouble-free service
- Controls foot traffic, deters unauthorized exits, reduces employee and customer theft while providing a life safety, code compliant application

Features

- Configured Weatherized Delayed Egress EasyKit includes all hardware, instructions, user illustration and point-to-point wiring diagram
- Factory-programmed, pre-wired, delayed egress controller/power supply
- NEMA 4X enclosure protects controller/power supply from moisture and corrosive elements
- 10 ft. flex conduit loop
- Advantex Weatherized panic device includes stainless steel dead lock, Pull-in-type latch bolt and weathered switching device
- 120V AC, momentary key switch with green and red LEDs, arms, arms and resets system
- Outdoor protective key switch cover
- Outdoor horn has various field-adjustable tone and decibel settings. Strobe also available.
- Outdoor, code-compliant delayed egress signage
- All hardware is non-handed
- Fire Alarm override connected at controller/power supply
- Remote bypass and signaling options available
- Heavy-duty angled end cap deflects damage away from panic device
- Available in various configurations, for single and paired openings
