

# Separation Shield

Covid 19 has changed the way we think about access control and pedestrian movement through our facilities. The Optical Turnstile Separation Shield is aesthetically pleasing and can be attached to the top of existing turnstile bollards, providing a protective barrier between people as they pass through the lane.

## FEATURES AND BENEFITS

- Compliments social distancing policies
- Retrofittable with existing turnstiles
- Ease of Installation
- Removable (no damage to turnstiles)
- 3/8" thick acrylic
- Customizable
- Can accommodate logo & graphic
- Made in the U.S.A.
