

Tim Shafer

Speaker, Security Expert

"Tim's expertise is invaluable to companies of all kinds. His security product recommendation saved me nearly \$200,000 from a facility break-in."

– Nick S., Grower & Business Owner

"Tim is a highly- knowledgeable security expert. He went the extra mile giving me valuable security advice, even when I wasn't a customer."

– T.P., Retailer & Business Owner

About Tim Shafer

With over thirty years of experience in the security industry, Tim offers a comprehensive, 360-degree perspective on this critical service. His expertise includes Event Security, Executive Security, and Industrial Security, along with leading high-performance teams in all aspects of facility management—such as security operations, equipment installation and training, and conducting security audits.

During his career, Tim has delivered numerous one-on-one presentations to cannabis cultivation facilities and retail outlets across North America. In these sessions, he shares valuable insights on best practices and common pitfalls to ensure the safety of people, protection of property, and preservation of profits for these businesses.
